

Input-Output Connector System offers Ultimate Versatility

Cable connectors terminate 20-32 AWG conductors and shielding

PCB Connectors

- The Latch-N-Lok™ system features rare “5 for 5” capability:
 1. Mates easily and securely with an audible “click.”
 2. High-speed capability supports serial data transmission.
 3. Current capacity of 3 amps allows multiple power lines.
 4. Shielding/Grounding for EMI/ESD control
 5. Employs high durability, high reliability, dual-metal PV™ receptacle terminals
