

CONNECTIONS

ECONOMICAL D-SUB METAL HOOD

December 2009

Where does IO-connections stand for?

- FCI's I/O connector solutions:
 - high-density
 - high-speed interfaces
- Applications:
 - networking, storage, and memory, power distribution, media card systems, etc
- Industry standards:
 - Ethernet, SFF, Infiniband, USB, PCMCIA™ or HDMI™, Compact Flash™, SAS, SATA, etc.
- Custom solutions:
 - Cable assemblies.

CONNECTI/ONS

What products is IO Connections comprised of?

Data & Multimedia I/O's

- ▶ HDMI™
- ▶ USB
- ▶ Modular Jacks
- ▶ Latch-N-Lok™

High Speed I/O's

- ▶ DensiShield™ Systems
- ▶ Eyemax®
- ▶ Multilane SAS and SATA Connectors

D-Sub

- ▶ Standard Density
- ▶ High Density
- ▶ Cable Connectors
- ▶ Power Connectors
- ▶ **see more**

Cable Assemblies

- ▶ DensiShield™ I/O System
- ▶ Eyemax® - Infiniband Cable Assembly
- ▶ Fiber Optics
- ▶ Metral® Cable Assembly
- ▶ **see more...**

CONNECTI/ONS

Memory & Media Card Systems

- ▶ Smartcard
- ▶ PCMCIA™
- ▶ ExpressCard™
- ▶ DDR Memory
- ▶ Flash memory products

Storage Interface

- ▶ Serial Attached SCSI (SAS) Connectors
- ▶ Serial-ATA (SATA) Connectors
- ▶ eSATA Connectors
- ▶ iVDR Connectors
- ▶ **see more...**

More information can be found on a dedicated website at www.fci.com/io

- Telecommunications
- Industrial and Instrumentations

For indoor signal or power applications requiring robustness and/or high EMI/RFI performance

FEATURES

- Straight exit Metal hood in Zamack (Zinc alloy)
- Steel-reinforced plastic strain relief for shielding continuity and mechanical retention.
- Compatible with cable sizes from 4 to 13 mm
- Simplified design with less piece parts

BENEFITS

- Lower weight and High robustness
- Lower applied cost thanks to a fast and easy cable assembly
- High EMI/RFI performance, >40 dB between 30MHz and 1GHz

■ PART NUMBERS

- 8655MH0901BLF – 9 WAY HOOD (SIZE E)
- 8655MH1501BLF – 15 WAY HOOD (SIZE A)
- 8655MH2501BLF – 25 WAY HOOD (SIZE B)
- 8655MH3701BLF – 37 WAY HOOD (SIZE C)
